

Childhood Leukemia Foundation

Improving the Lives of Over 155,000 Children with Cancer since 1992

Wish Basket Spotlight:

CLF is deeply committed to our mission to lift the spirits of children living with all types of cancer.

We would like to spotlight one of our Wish Basket recipients. His name is Addison and he was diagnosed with B-Cell ALL Leukemia in April of 2010. "He loves his MP3 player and gets lost watching the scenery and listening to his music as we drive. He was so sad that he couldn't play T-Ball this year. He used his gift card to buy his baseball stuff so he could play with his dad in the backyard." "Thank you so much for the amazing Wish Basket!"

Addison is seen here with his baseball stuff. We know that Addison will be able to hit a HOME RUN to a full and healthy recovery! GO ADDISON!!

BECAUSE OF YOU: This new decade marks the 19th year anniversary of Childhood Leukemia Foundation. It is because of our amazing supporters and generous donors that we have been able to reach out and touch as many children as we have. To date we have improved the lives of over 155,000 children with cancer.

SPECIAL THANKS TO:

We would like to send a special

"THANK YOU"

to *George Parros, #16, of the Anaheim Ducks*. For a 3rd year in a row, George has chosen Childhood Leukemia Foundation to be the recipient of the proceeds and hair donations from his "Cut for Kids" event. The event was held on January 10th and George was joined by teammates and fans alike. 60 Ducks fans joined George in cutting their hair to help kids with cancer. Over 300 duck fans were in attendance to watch and cheer on participants and meet George Parros. George's events, mustache sales and Stache Gear have helped to raise close to \$15,000 for Childhood Leukemia Foundation. We are forever grateful to George for his support!!!
